Chamber Symphony (2017-2021)

I. Fugue	7
II. Storm	50
III. Nocturne	87
IV. Aria	100

Instrumentation

Flute 1 (double Piccolo)
Flute 2 (double Alto Flute)
Oboe (double English Horn)
B♭ Clarinet
Bassoon
Contrabassoon
Horn in F

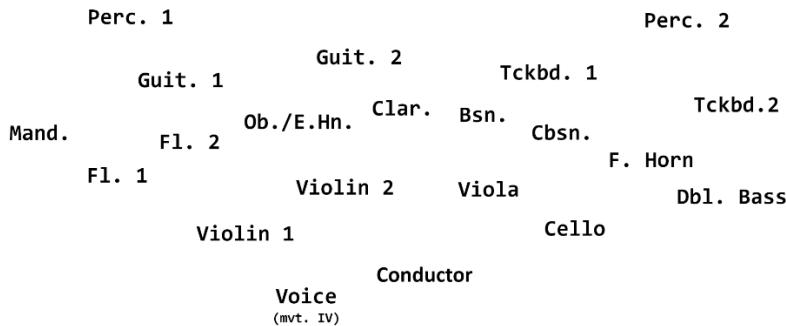

Perc. 1: Tom Drums (high, med., low), Bass Drum, Very deep Bass Drum, Wind effect

Perc. 2: Susp. Cym. (high, med., low), Bongos (high, low), Snare Drum, Field Drum, Tam-tam (large), Thunder Tube

Trickeyboard 1	Amplified (sent through a mixer run by audio engineer/s)
Trickeyboard 2	
Mandolin	
Guitar 1 (Classical double Steel Guitar)	
Guitar 2 (Classical)	
Violin 1	
Violin 2	
Viola	
Violoncello	
Contrabass	
Mezzo-soprano soloist (mvt. IV)	

Score in C

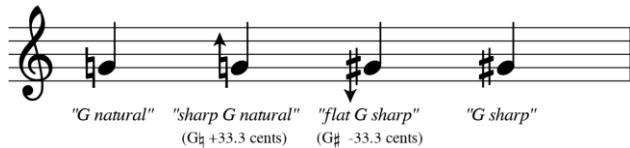

Suggested seating plan (flexible)

Sixth-tone microtonality

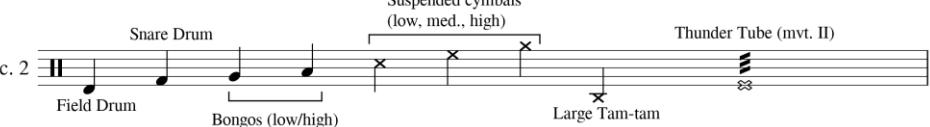

This piece is written in a sixth-tone microtonal scale. A sixth-tone is one-third of a half-step, or 33.3 cents. Since there are three pitches to every 12-TET chromatic pitch, a total of 36 tones to the octave are produced. In this scale, we not only have (for example) G-naturals and G-sharps, but also two tones in-between: a “sharp G natural” and a “flat G-sharp.” Notation: traditional accidentals are used, and up/down arrows attached to those accidentals indicate tones pitched a sixth-tone sharp (33.3 cents higher) or a sixth-tone flat (33.3 cents lower).

Sixth-tones: the span of a half-step from low to high

All accidentals, microtonal and conventional, apply to the note immediately following, and to any reiteration of that note within the same measure.

Percussion key

Percussion mallets:  Soft beater	 Hard beater	 Brush
		
		

* Wind (mvt. III): A recording or other means by which to mimic the natural sound of leaves blowing in the wind. The sound should not be ominous (low) or spooky (whistly) – but rather a neutral, perhaps calming presence. Prerecorded, synthesized, or other acoustic solution (e.g. ocean drum) may be used.

Trickeyboard

A trickeyboard is a three-tier keyboard setup tuned as to accommodate sixth-tone microtonality. Many affordable, commercially available keyboards may be set up this way. The upper keyboard is tuned 33.3 cents sharp (A 448.6 Hz), the middle is unaltered (A 440 Hz) and the lower is tuned 33.3 cents flat (A 432.6 Hz). A single sustain pedal is then connected to all three keyboards using two TRS "Y" cables. Similarly, the audio output is joined into one signal using TRS "Y" cables, then fed through either a volume pedal controlled by the performer or fed directly to the mixer (primary control of the dynamics is then given to one or more audio engineers). Keep in mind, use of a volume pedal would then place *two* pedals at the keyboardist's charge (in addition to the sustain) – which may prove exceptionally "tricky." Thus, performers may prefer to send keyboard signals directly to a mixer, ceding control of volume to audio engineer(s).

Two trickeyboards are called for in this piece (two players on three keyboards each = total 6 keyboards). Alternate microtonal keyboard setups capable of producing the desired pitch/dynamic content are welcome.

Keyboard settings: Primary criteria for selecting sound bank voices are: 1. a non-intrusive timbre blending well with the ensemble, 2. Organ-like ADSR (full sustain without decay). Beyond this, settings are left to performers' discretion.

Mandolin and Guitars

Mandolin and guitars are to be amplified only for the sake of audibility; care should be taken to preserve these instruments' warm, natural, "acoustic" sound. Audio engineer(s) may assist in achieving desired dynamics as well as general balance with the ensemble.

Mandolin and Guitars 1 and 2 are tuned conventionally – microtonal passages are achieved through the use of a metal or glass slide. Guitar 1 doubles on Steel Guitar, a separate instrument to be tuned unconventionally (see below).

Steel Guitar is defined here as either a pedal steel, lap steel or other steel string instrument played horizontally with a slide. Strings may be plucked with the fingers and/or with a plectrum/fingerpicks. At times, the guitarist is asked to strike the string with a medium hard mallet (dulcimer mallet is ideal).

Tuning for the Steel Guitar in mvt. I:

Tuned slightly off
from e/o (approx. 6 cents)

Following movement I, string 6 of the Steel Guitar must be tuned up to a D natural.

Following movement II, string 6 must be tuned down to a C natural (used in both movements III and IV).

Despite the unconventional tuning, the Steel Guitar part is written as sounding.

Audio engineer(s)

One or two audio engineers (ideally, two) are responsible for overseeing/adjusting volume levels of amplified instruments (trickeysboards, mandolin, guitars and possibly part of percussion 1 in mvt. 3) through the course of a performance. Audio engineers must coordinate with musicians and conductor to ensure proper dynamic levels are achieved. This will likely involve real-time manual adjustments to faders on one or more mixers through the course of a performance. A short-score/part is provided for audio engineers highlighting amplified instruments' dynamics. Important: if volume pedals are not used by trickeysboardists (see above), primary control of keyboard dynamics is then given to audio engineers. Guitars and mandolin will also likely require assistance to achieve desired dynamics, since their dynamic range may be limited compared to the rest of the ensemble.

Composer's Note

I began this piece in July, 2017, originally projecting two-movements for smaller ensemble. Through time, the piece grew in duration and ensemble size, eventually taking the form of a symphony. The broad narrative trajectory of the four movements may be summed up as follows: private/inward unrest (I. Fugue), outward eruption/upheaval (II. Storm), transcendence in disembodied spirit (III. Nocturne), and finally, transcendence in selfless love (IV. Aria). In this last movement, the storm has passed, the wind has subsided – dawn is yet to come. The words are taken from a traditional Salvadoran lullaby:

Text and translation (mvt. IV)

Dormite, niñito, no llores chiquito, Vendrán angelitos, las sombras de <i>la</i> noche. <i>Dormite, niñito,</i>	Sleep, little child, don't cry, little boy, Little angels will come, the shadows of <i>the</i> night. <i>Sleep, little child,</i>
Rayitos de luna, rayitos de plata, Alumbran a mi niño, que está en la cuna.	Rays of the moon, rays of silver, Illuminate my child, who's in the cradle.
Rayitos del sol, [El] cielo azul, Dejan de dormir, [y] empiezan a vivir.	Rays of the sun, [the] blue sky, They sleep no longer, [and] they begin to live.
Dormite, niñito, con ojos diamantes, Estrellas brillantes, florido el cielo.	Sleep, little child, with diamond eyes, Shining stars, blossom of heaven.

As heard on Smithsonian Folkways' "Lullabies of the World," © 2004/1963 (Folkways Records)

Break

Musical score for orchestra and chamber ensemble, page 49. The score consists of six staves:

- B♭ Cl.**: Starts with a sustained note at measure 276, followed by a melodic line with grace notes at measures 277 and 278.
- Bsn.**: Playing eighth-note patterns with dynamic markings **p**, **6**, **6**, **5**, **ppp**, **pp**, **pp**.
- Perc. 1**: Playing eighth-note patterns with dynamics **p**, **6**, **6**, **5**, **ppp**, **pp**. Includes markings for **High bongo**, **High cym.**, and **Low bongo**.
- Perc. 2**: Playing eighth-note patterns with dynamics **p**, **3**, **3**, **x**, **3**, **3**, **5:3**.
- Tkbd. 1**: Playing eighth-note patterns with dynamics **p**, **6**, **6**, **5**, **ppp**, **pp**.
- Tkbd. 2**: Playing eighth-note patterns with dynamics **p**, **6**, **6**, **5**, **ppp**, **pp**.
- Guit. 2**: Playing eighth-note patterns with dynamics **p**, **6**, **6**, **5**, **ppp**, **pp**.
- Vla.**: Playing eighth-note patterns with dynamics **p**, **6**, **6**, **5**, **ppp**, **pp**.
- Vc.**: Playing eighth-note patterns with dynamics **p**, **6**, **6**, **5**, **ppp**, **pp**.

The score includes measure numbers 276, 277, and 278, and a section heading "(non rit.) Break".

II. Storm

Broad

$\text{♩} = 56$

The musical score consists of 18 staves, each representing a different instrument or section. The instruments listed on the left are Flute 1, Alto Flute, English Horn, B♭ Clarinet, Bassoon, Contrabassoon, Horn in F, Percussion 1, Percussion 2, Trickeyboard 1, Trickeyboard 2, Mandolin, Guitar 1, Guitar 2, Violin 1, Violin 2, Viola, Violoncello, and Contrabass.

Key features of the score include:

- Percussion 1:** Features continuous eighth-note patterns on a single staff.
- Percussion 2:** Features eighth-note patterns with dynamic markings like **Low cym.** and **ppp**.
- Trickeyboard 1:** Features eighth-note patterns with dynamic markings like **mf**.
- Mandolin:** Features eighth-note patterns with dynamic marking **pp**.
- Guitar 1:** Features eighth-note patterns with dynamic marking **s**.
- Guitar 2:** Features eighth-note patterns with dynamic marking **mf**, and includes a section labeled **solo** with three measures indicated by brackets.
- Violin 1:** Features eighth-note patterns.
- Violin 2:** Features eighth-note patterns.
- Viola:** Features eighth-note patterns with dynamic marking **V** above the staff.
- Violoncello:** Features eighth-note patterns with dynamic marking **V** above the staff.
- Contrabass:** Features eighth-note patterns with dynamic marking **V** above the staff.

Measure numbers 2, 3, 4, 5, and 6 are indicated above the staves. Various dynamics and performance instructions are included throughout the score, such as **ppp**, **mf**, **Low cym.**, and **solo**.

riten.

Musical score for Chamber Symphony (II) showing measures 7 through 12. The score includes parts for English Horn (Eng. Hn.), Bassoon (Bsn.), Cello (Cbsn.), Flute (F Hn.), Percussion 1 (Perc. 1), Percussion 2 (Perc. 2), Double Bass (Tkbd. 1), Double Bass (Tkbd. 2), Guitars 1 and 2 (Guit. 1, Guit. 2), Violin 1 (Vln. 1), Violin 2 (Vln. 2), Viola (Vla.), Cello (Vc.), and Double Bass (Cb.).

The score indicates dynamic markings such as *p*, *pp*, *PPP*, *mf*, *mp*, and *f*. It also specifies performance techniques like "High tom", "Med. tom", "Low cym.", "S.D. (snares on) muffled", and "F.D. (snares on) muffled". Measure 12 concludes with a dynamic of *ppp* over three measures.

a tempo

Musical score for Chamber Symphony (II) showing parts for various instruments from measures 13 to 20. The score includes parts for A. Fl., Eng. Hn., B♭ Cl., Bsn., Cbsn., F Hn., Perc. 1, Perc. 2, Tkbd. 1, Tkbd. 2, Guit. 1, Guit. 2, Vln. 2, Vla., Vc., and Cb.

Tempo I $\text{d} = 56$

Musical score for Chamber Symphony (II) featuring 21 staves across five systems. The score includes parts for Flute 1, Alto Flute, English Horn, Bassoon, Clarinet, Cello, Double Bass, Percussion 1, Percussion 2, Keyboards 1, Keyboards 2, Guitars 1 & 2, Violin 1, Violin 2, Viola, Cello, and Bass. The tempo is **Tempo I** at $\text{d} = 56$. The score shows dynamic markings such as **ff**, **fff**, **molto**, **T.t.**, and **mf**. Measures 167 through 171 are shown, with measure 167 starting with Flute 1 and ending with Bassoon, followed by a section with Percussion 1, Percussion 2, Keyboards 1, Keyboards 2, Guitars 1 & 2, Violin 1, Violin 2, Viola, Cello, and Bass. Measures 168-171 feature sustained notes and rhythmic patterns across the ensemble.

Dor - mi - te ni - ñi - to, dor - mi - te ni - ñi - to;

Imperceptibly faster

Poco rit.

Musical score for orchestra and keyboard instruments. The score consists of eight systems of music, each with multiple staves. The instruments listed on the left are: A. Fl., E. Hn., B♭ Cl., Bsn., Tkbd. 1, Tkbd. 2, Vln. 1, Vln. 2, Vla., Vc., Cb., and Mzs. The score includes dynamic markings such as *ppp*, *poco rit.*, and *pp*. Measure numbers 79, 80, 81, 82, and 83 are indicated above the staves. The vocal line "con o - jos dia - man - tes, es - tre - llas bri - llan - tes, flo - ri - do el cie - lo..." is written below the Mzs. staff. Measure 82 contains three measures of 3/4 time, followed by one measure of 5/4 time. Measure 83 contains one measure of 5/4 time.
